

IMPORTANT SCORING INSTRUCTIONS!

Keep a running total of your scores and add up the Xs or 21s at the bottom of your scorecards. Review sample scoring ends:

	1	2	3	Sum	Total	X	21
1	X	5	4	14	14	1	-
2	X	X	5	15	29	2	-
3	5	5	3	13	42	-	-
4	X	X	X	15	57	3	-

- ✓ Each group will complete TWO paper scorecards in ink for each archer. One designated person per group will enter scores using the e-scoring app. Groups may choose to enter e-scores during or after their round.
- ✓ The scorecards display 24 targets for each round. Only fill in the targets used for the specific round being shot—leave any extra targets blank.
- ✓ IMPORTANT! The first target is practice and is assigned at the top right corner of your paper scorecard. The app and paper scorecard will automatically begin with the first official scoring target.
- ✓ Both the scorekeepers and archer must sign both paper scorecards to confirm that the scores are accurate and match.
- ✓ Don't forget to take a photo of your completed scorecard before submitting it to the tournament host!
