

ABOUT US

The National Field Archery Association is a nonprofit corporation dedicated to the practice of archery. With forty-nine state associations and nearly 1,000 clubs, the NFAA hosts hundreds of national, sectional, state & local archery events each year.

Established in 1939, the NFAA is the largest field archery association in the World. The NFAA has grown from its field archery roots to offer events and programs across all archery disciplines.

The NFAA is a member of the International Field Archery Association (IFFA), the World's governing body for field archery. We establish shooting regulations, hold tournaments, maintain records, and provide organized state associations and archery clubs with a well-rounded program of events
